

# Understanding Your Child's Progress Report

Welcome to e2020, parents!

Knowing how your child is performing in their courses is something important to all parents. We want to make sure that you not only have access to that information, but know how to interpret it.

Your child's progress report may be sent to you, via email, on a regular schedule. You may have them delivered daily, weekly or monthly. The delivery schedule is as follows:

- Daily: Midnight
- Weekly: Monday mornings
- Monthly: 1<sup>st</sup> of each month

If you are not yet receiving your child's progress report, contact your child's teacher and provide them with the following information:

- Your child's name
- Your name
- Your email address
- The frequency with which you'd like to receive the progress report

Your child also sees this same progress report each time they log into the Virtual Classroom to perform work in their courses. e2020 is dedicated to ensuring that both you and your child always know how they are performing in their course work.

When you receive the progress report, it will look similar to the example below, and it will include all courses in which your child is working.

Let's take a look at each individual section to better understand how to interpret the report.

-  **NAME OF COURSE:** At the top of the report you will see the name of the course: Financial Math
-  **COURSE COMPLETED:** There are 3 elements in the Course Completed section that advise you on the progress your child is making in that specific course:
  - **Course Completed percentage:** Indicates how complete your child is with their course, working towards the ultimate goal of 100% completion
  - **Color coded key:** Indicates what the colors in the square blocks just below the Course Completed percentage represent:
    - **Red:** Your child is falling behind in their course
    - **Blue:** Your child is on track with their course
    - **Green:** Your child is ahead of schedule in their course
  - **Target Completed:** Indicates how far along in the course your child should be
-  **OVERALL GRADE:** The grade your child has acquired thus far in the course, based on all activities and assessments they've completed:
  - **Overall Grade percentage:** Percentage grade based on a 0%-100% scale
  - **Color coded grade squares:** Indicates, with quick-reference colors, what your child's grade is in their course(s):
    - **Red:** Indicates a grade between 0%-59%
    - **Orange:** Indicates a grade between 60%-69%
    - **Yellow:** Indicates a grade between 70%-79%
    - **Olive:** Indicates a grade between 80%-89%
    - **Green:** Indicates a grade between 90%-100%
-  **COMPLETE COUNT:** Indicates the percent of the course completed calculated by: the number of assignments completed vs. the total number of assignments in the course (this number may be slightly different than the Course Completed percentage)
-  **RELATIVE GRADE:** Represents the grade that your child would receive if they stopped working in that course today and completed no more activities or assessments
-  **ACTUAL GRADE:** Represents the overall grade in relation to the percentage of coursework completed vs. the percentage of coursework that *should have been* completed
  - This grade is lower than the Overall Grade if your child is behind in their course and will be the same as the Overall Grade if your child is on-time or ahead of schedule in their coursework

We are happy to be working with your child on their road to academic success! Welcome to e2020!
